SUMMARY

A bold South African food experience built around live fire, generous hospitality and unforgettable gatherings.

BRAND ESSENCE

Biggy Smallz brings together fire, flavour, personality and people. Bold cooking. Live-fire theatre. Generous hospitality. “This looks like the party I want to be at.”

OUR STORY

Biggy Smallz Spitmasters is a personal-chef and spitbraai food-experience brand built around the power of fire and the pleasure of gathering. From fire feasts and private celebrations to seven-course dining experiences, Biggy Smallz brings the chef, the theatre and the food to the gathering. Not ordinary catering. Bold South African food experience.

WHO WE'RE FOR

People who want more than food on a plate. Private celebrations, weddings, corporate gatherings, festivals, private dining. Our promise: We bring the fire, the flavour and the personality — so your people can simply enjoy the moment.

HOW WE SOUND

Bold. Hot. Human. Generous. Theatrical. Confident. Premium without being precious. We sound like: “COME HUNGRY.” “THE FIRE IS ON.” “GET IN MY BELLY.” We don't sound like: Generic. Corporate. Pretentious. Over-polished. Childish. Macho clichés.

LOGO USE

Use the approved master logo. DO: Keep proportions unchanged; give the logo clear space; use approved colour versions; place it against a clean, legible background. DON'T: Stretch or compress; rotate or distort; add effects or outlines; place it over busy imagery without sufficient contrast; recreate the logo from scratch. MASTER LOGO / CLEAR-SPACE SPECIFICATION: [PLACEHOLDER]

COLOUR PALETTE

CHARCOAL BLACK #171412 (Primary dark background); BONE WHITE #F3E8D5 (Primary light background); EMBER ORANGE #E6531A (Energy / CTA / highlights); FLAME RED #B52A18 (Accent / emphasis); ASH GREY #77716A (Supporting information). Colour rule: Charcoal anchors. Bone breathes. Orange activates. Red punctuates. Ash informs. Suggested application: 60% Charcoal / Bone, 25% Photography, 10% Ember Orange, 5% Flame Red / Ash.

TYPOGRAPHY

Primary display: OSWALD (Bold. Condensed. Confident.) for headlines, campaigns, experience names, large numbers, oversized words. Secondary: MONTSERRAT (Clear. Modern. Easy to read.) for body copy, navigation, menus, pricing, locations, booking information. Rule: Two type families are enough.

PHOTOGRAPHY

REAL BEATS PERFECT. Photograph the real experience. Prioritise: FIRE, FOOD, CHEF, PEOPLE, REACTIONS. Look for: Smoke, char, juices, texture, carving, serving, movement, laughter. Keep some imperfection. MACRO → PERSON → FOOD → FIRE → TABLE → CROWD. No stock photography. No fake event imagery. No over-retouched food.

CONTENT

Build: ATTENTION → DESIRE → TRUST → BOOKING. Six pillars: GET IN MY BELLY (Make them hungry), THE FIRE IS ON (Show the process), CHEF BIGGY (Show the personality), BIGGY MOMENTS (Show the proof), FIRE SCHOOL (Teach something useful), BOOK THE FEAST (Make the next step clear). Content rule: Make people hungry. Make people curious. Make people want to be there. Not every post needs to sell.

BRAND IN USE

Keep the same core ingredients across Instagram, WhatsApp, website, print and event communication: Real photography + bold typography + Charcoal/Bone + controlled orange/red + clear calls to action. Same brand. Different touchpoints.

USE THE BRAND WELL

The Biggy Smallz identity should always feel bold, human, hot and real. Start with something real: fire, food, chef, people, table. Then amplify it with bold typography, controlled colour, strong cropping, confident composition. When in doubt: Choose the better photograph. Choose the simpler layout. Choose the stronger headline. Brand assets: MASTER LOGO: [PLACEHOLDER]; APPROVED FONT SYSTEM: OSWALD + MONTSERRAT; APPROVED COLOUR PALETTE: FIRE & ATTITUDE. GET IN MY BELLY.
